ROHIT TAK

+91-7568098052 | rohittak006@gmail.com | GitHub | LinkedIn | Portfolio

EDUCATION

JK Lakshmipat University, Jaipur
Bachelor of Technology – Computer Science | CGPA: 6.75 | 2024 – 2028

TECHNICAL SKILLS

Languages: C, C++, Python, HTML, CSS, JavaScript
Frameworks & Tools: React, Matplotlib , NumPy, Node.js, Git, GitHub
Databases: MySQL, SQLite
Interests: Generative AI, Data Visualization, System Design

PROJECTS

SAHARA v2.0 – Emergency Healthcare Support Platform **Project Link**

- Engineered a healthcare aggregation platform centralizing hospitals, ambulance services, and blood banks.
- Reduced emergency response time by enabling real-time access to verified healthcare resources.
- Designed responsive user interface for quick navigation in high-pressure situations.
- Structured scalable architecture for future integration of live tracking and emergency alerts.

Muqabla – Sports Management Web Application **Project Link**

- Built a full-stack sports management platform for organizing events and participants.
- Developed admin dashboard for efficient event control and data handling.
- Integrated backend database for scalable and structured performance.
-

Driver Drowsiness Detection **Project Link**

- Developed a real-time drowsiness detection system using OpenCV and Mediapipe, processing live webcam feed to monitor driver alertness with ~30 FPS throughput.
- Engineered hybrid detection using Eye Aspect Ratio (EAR) for eye closure and Mouth Aspect Ratio (MAR) for yawning, improving accuracy over single-signal approaches.
- Implemented per-user adaptive threshold calibration to eliminate false alerts caused by natural facial variations across different drivers.
- Optimized for lightweight deployment with no GPU dependency, achieving sub-100ms detection latency on standard hardware.

ACHIEVEMENTS

- Winner – WHACK HACK 4.0, Amity University, Rajasthan (2026)

POSITIONS OF RESPONSIBILITY

- Internal Arrangement Team Member – HACK JKLU 4.0 (2025)
- Food & Accommodation Team Member – Sabrang Cultural Fest (2024)
